Hitch Wt. 490 lbs. • Total Wt. 4340 lbs.

# AIRSTREAM floor plans

Every Airstream is built to the same precise construction standards regardless of model or series. All Airstreams have 12 volt electric brakes on every wheel. All are completely self-contained . . . they have equipment necessary for extended stays away from light, water and sewer connections. The difference in the various series is in the degree of self-containment, amount of accessory equipment and quality of interior furnishings.

The Special Land Yacht Series includes the 18 foot Caravel and 21 foot Globetrotter and comes equipped with an automatic water system (including Univolt marine water pump and 30 gallon polyethylene water tank); Univolt electrical system to provide power at all times to all interior lights and fans (in addition to the 110 volt wiring for convenience outlets); 90 ampere 12 volt battery; a battery charger with protective voltage regulator; two 5 gallon gas bottles; combination electric/gas refrigerator; a stainless steel galley sink; 6 gallon gas water heater; marine type toilet with spray flushing device to conserve water; and a polyethylene holding tank to provide toilet convenience away from a sewer hook-up.

The Deluxe Land Yacht Series, in which the 23 foot Safari, the 25 foot Tradewind, and the 27 foot Overlander are offered, includes all of this equipment plus a basic central control panel (includes water pump indicator light;

water level gauge; polarity light and battery operated clock; two 12 volt outlets; double stainless steel galley sinks with swing faucet; a larger combination electric/gas refrigerator and gas water heater; a built-in igniter on the space heater and gas water heater; forced air heating system with under-the-floor circulating ducts; all fibreglass Bel-Air bathroom with bathtub; regency hollow-core bathroom door; lined curtains; bedspreads for fixed beds and back-up lights.

The International Land Yacht Series is available in the 27 foot Overlander, 29 foot Ambassador and 31 foot Sovereign of the Road. This series represents the ultimate in travel completeness and luxury. In addition to all of the basic equipment that is included in the Deluxe Land Yacht Series, this series includes: Two 7 gallon gas bottles; an automatic switch-over valve; TV jack; deluxe central control panel (includes battery condition meter, ammeter, water pump indicator, water level gauge, holding tank gauge, polarity light, battery operated clock and barometer); a large, adjustable no-draft translucent Astrodome vent; a Univolt ceiling exhaust fan; a Univolt range exhaust fan; two sink covers with cutting boards; deluxe plumbing hardware; water purifier; bedroom wall comfort cover; deluxe hub caps; and luxurious deep-pile, Herculon carpet in all areas including the bathroom.
